

The health and safety of our patients and team is always our top priority!

We are unable to have you in our practice if any of the following apply:

If you have felt unwell or have had a fever in the past 24 hours.

If you have been exposed to the COVID-19 virus in the past 14 days.

We are happy to reschedule you:

If you are over the age of 65, immunocompromised, pregnant, or for any other reason you would like to reschedule.

Wash hands or use sanitizer

Every person entering our practice will need to use anti-bacterial gel or wash their hands with soap & water.

Please wear a mask

Due to the close proximity of patient care, we request that all patients wear a cloth mask while in the office.

If you don't want to come inside

We are happy to bring your glasses or contact lenses to your vehicle or ship them.

To adhere to social distancing guidelines, we request that only patients with an appointment come inside the office. We ask that our patient's guests and other family members wait in the hall, outside or in your vehicle. Minors will need to be accompanied by their guardian to be seen.

Please call or text 530-222-7271 if you have any questions or concerns and we would be happy to help.
